

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2005-232-C - ORDER NO. 2005-679
DECEMBER 2, 2005

IN RE: Application of Quality Telephone, Inc. for a)	ORDER GRANTING
Certificate of Public Convenience and)	CERTIFICATE AND
Necessity to Provide Local Exchange)	FLEXIBLE
Services, Exchange Access Services,)	REGULATION
Interexchange Telecommunications Services)	
and for Flexible Regulation of its Local)	
Exchange Services)	

This matter comes before the Public Service Commission of South Carolina (the “Commission”) by way of the Application of Quality Telephone, Inc. (“Quality” or the “Company”) requesting a Certificate of Public Convenience and Necessity authorizing it to provide local exchange, exchange access, and interexchange telecommunications services within the State of South Carolina. The Company’s Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 2004) and the general regulatory authority of the Commission. By its Application, Quality also requests flexible regulation of its local service offerings pursuant to Order No. 98-165 in Docket No. 1997-467-C, and requests waiver of certain Commission regulations.

The Commission’s Docketing Department instructed Quality to publish, one time, a Notice of Filing in newspapers of general circulation in the areas of the state affected by the Application. The purpose of the Notice of Filing was to inform interested parties of the Application of Quality and of the manner and time in which to file the appropriate

pleadings for participation in the proceeding. Quality complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. A Petition to Intervene was filed by the South Carolina Telephone Coalition (SCTC). Subsequently, the Company and SCTC entered into a Stipulation (Exhibit A to this Order) and SCTC did not participate in the hearing on the matter. Hearing Examiner F. David Butler was appointed to hear the case, pursuant to Order No. 2005-514.

A hearing was convened on October 31, 2005, at 2:30 PM in the Commission's Meeting Room in the offices of the Commission, located in Columbia, South Carolina. F. David Butler, Hearing Examiner, presided. Quality was represented by John J. Pringle, Jr., Esquire. The Office of Regulatory Staff (ORS) was represented by C. Lessie Hammonds, Esquire.

The parties announced a comprehensive settlement of the case. The Settlement Agreement is attached hereto as Exhibit B. The parties to the Settlement agreed on a number of issues. With respect to the offering of exchange access services, the Company agrees that, prior to filing an exchange access tariff with the Commission, it will submit a copy of its proposed exchange access tariff to ORS for review. The Company further agrees to make all changes suggested by ORS in order that the exchange access tariff complies with the Rules of the Commission and applicable state law. The parties also agreed on various other terms and conditions. For reasons outlined below, the Settlement is approved with the exception of one point, and the requested Certificate of Public Convenience and Necessity is granted.

Frank McGovern, President of the Company, appeared and testified in support of the Application and the Settlement. The record reveals that Quality is incorporated in Texas and registered to transact business in South Carolina as a foreign corporation. According to Mr. McGovern, Quality proposes to offer residential telephone service with optional features and bundled services such as local and long distance services in a combined package. Quality proposes to offer local exchange by leasing the unbundled network elements platform of BellSouth Telecommunications, Verizon, Sprint, and Alltel. McGovern's testimony noted that local exchange service will be offered initially within the present operating areas of BellSouth, Verizon, Sprint and Alltel, although the Settlement Agreement states that service will only be offered in BellSouth territory. The parties indicated on the record that the Settlement Agreement did not indicate the intent of the parties as to territory to be served, and that that intent was to allow Quality to serve in BellSouth, Verizon, Sprint, and Alltel territories.

Quality's services will be offered twenty-four hours per day, seven days a week. Mr. McGovern explained the Company's request for authority, and the record further reveals the Company's services, operations, and marketing procedures.

Mr. McGovern also discussed Quality's technical, financial, and managerial resources to provide the services for which it seeks authority. Mr. McGovern offered that Quality possesses sufficient financial resources to support its operations in South Carolina. With regard to management and technical capabilities, the Company has not been denied a license in any of the states in which it has applied, has had no licenses revoked in any jurisdictions, nor has it been the subject of any investigations by any

governmental regulatory agencies. The Company's Application and Mr. McGovern's testimony both evidence that Quality's management team has extensive experience in both marketing and communications.

Mr. McGovern, on behalf of the Company, requests a waiver of 26 S.C. Code Ann. Regs. 103-610 and to be allowed to keep the Company's books at its headquarters in Texas. Further, the Company requests an exemption from record keeping policies that require maintenance of financial records in conformance with the Uniform System of Accounts (USOA). Quality maintains its books in accordance with Generally Accepted Accounting Principles (GAAP). In addition, the Company requests that it not be required to publish local exchange directories, and therefore requests waiver of 26 S.C. Code Ann. Regs. 103-631. Quality will make arrangements with the incumbent local exchange carriers to include its customers in the incumbent's directories.

After full consideration of the applicable law, the Company's Application, the evidence presented at the hearing, and the Settlement Agreement, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. Quality is organized under the laws of the State of Texas and is authorized to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. Quality has no reported record of violations of regulatory laws or regulations in the jurisdictions in which it is currently operating.

3. Quality desires to provide resold local exchange services, access services, and resold interexchange telecommunications services within various areas of the State of South Carolina, namely the territories of BellSouth, Verizon, Sprint, and Alltel. The Settlement Agreement incorrectly limits service to BellSouth territory.

4. We find that Quality possesses the managerial experience and capability to operate as a non-facilities based reseller of interexchange and local services, and as a provider of access services in these territories.

5. We find, based on the financial records and balance sheets submitted by the Company, that Quality possesses sufficient financial resources to provide the services as described in its Application.

6. We find that the issuance of a Certificate of Public Convenience and Necessity to Quality to provide resold local exchange services, access services, and resold interexchange telecommunications services in South Carolina would be in the best interest of the citizens of South Carolina by increasing the level of competition in South Carolina for telecommunications services, and by increasing consumer awareness of options and services available, thereby encouraging growth and success of competitive services.

7. Quality has no plans to maintain offices in South Carolina and requests a waiver of 26 S.C. Code Ann. Regs. 103-610. The Commission finds Quality's requested waiver reasonable and understands the difficulty presented to Quality should the waiver not be granted. Further, we find that a waiver of 26 S.C. Code Ann. Regs. 103-610 to be in the public interest. We also believe that exemption from the policies that would

require the Company to keep its records under the USOA is reasonable. Additionally we find that waiver of 26 S.C. Code Ann. Regs. 103-631 is reasonable and in the public interest.

8. The Company has the managerial, technical, and financial resources to provide the services as described in its Application. S.C. Code Ann. Section 58-9-280(B)(1) (Supp. 2004).

9. The Commission finds that the Company's "provision of service will not adversely impact the availability of affordable local exchange service." S.C. Code Ann. Section 58-9-280(B)(3) (Supp. 2004).

10. The Commission finds that the Company will support universally available telephone service at affordable rates. S.C. Code Ann. Section 58-9-280(B)(4) (Supp. 2004).

11. The Commission finds that services to be provided by the Company will meet the service standards of the Commission. S.C. Code Ann. Section 58-9-280(B)(2) (Supp. 2004).

12. The Commission finds that the provision of local exchange service by the Company "does not otherwise adversely impact the public interest." S.C. Code Ann. Section 58-9-280(B)(5) (Supp. 2004).

13. Following execution of a Stipulation with intervenor South Carolina Telephone Coalition (SCTC), the SCTC withdrew its opposition to the Application and did not participate in the hearing.

14. The Settlement Agreement should be approved, except for the language that incorrectly limits the Company to serving in BellSouth territory. The Company should be granted authority to provide service in BellSouth, Verizon, Sprint, and Alltel territory.

15. Service in Alltel territory by Quality is subject to the terms of the Stipulation between Quality and the South Carolina Telephone Coalition, Hearing Exhibit 3 and Exhibit A to this Order, since Alltel is a member of SCTC.

CONCLUSIONS OF LAW

1. The Commission concludes that Quality possesses the managerial, technical, and financial resources to provide the telecommunications services as described in its Application.

2. The Commission concludes that Quality will participate in the support of universally available telephone service at affordable rates to the extent that Quality may be required to do so by the Commission.

3. The Commission concludes that Quality will provide services which will meet the service standards of the Commission.

4. The Commission concludes that approval of Quality's Application to provide intrastate telecommunications services within South Carolina will serve the public interest by enhancing competition in the State of South Carolina by offering additional service offerings to South Carolina's consumers and by providing for efficient use of existing telecommunications resources.

5. The Commission concludes that the provision of telecommunications service by Quality will not adversely impact the public interest.

6. The Commission concludes that the issuance of the authority to provide intrastate interexchange telecommunications services, exchange access, and local telecommunications services as requested by Quality and as set forth in its Application, testimony, and the Settlement Agreement is in the best interests of the citizens of the State of South Carolina.

7. The Commission concludes that a Certificate of Public Convenience and Necessity should be granted to Quality to provide intrastate interexchange, local, and access telecommunications services in the South Carolina Service territories of BellSouth, Verizon, Sprint, and Alltel. Service in the Alltel area is subject to the Company's Stipulation with the South Carolina Telephone Coalition, Exhibit A to this Order and Hearing Exhibit 3. It should be noted that the Settlement Agreement erroneously limits Quality's service to the BellSouth area. With this one exception, the Settlement Agreement is approved as filed, and Quality and ORS shall abide by all other terms and conditions contained in the Settlement Agreement.

8. With regard to the interexchange service offerings of the Company, the Commission adopts a rate design that includes only maximum rate levels for each tariff charge. The Commission has previously adopted a rate structure incorporating maximum rate levels. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984). With regard to interexchange service rates, the Company shall not adjust its interexchange service rates

below the approved maximum levels without notice to the Commission and to the public. The Company shall file its proposed rate changes, publish notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances that do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level for residential interexchange services reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. Section 58-9-540 (Supp. 2004).

9. The Commission concludes the Company's local exchange telecommunications services shall be regulated in accordance with the principles and procedures established for flexible regulation first granted to NewSouth Communications by Order No. 98-165 in Docket No. 97-467-C. Specifically, the Commission adopts for the Company's competitive intrastate local exchange services a rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels that will have been previously approved by the Commission. Further, the Company's local exchange service tariff filings are presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of the tariff filing, in which case the tariff filing would be suspended

pending further Order of the Commission. Further, any such tariff filings will be subject to the same monitoring process as similarly situated competitive local exchange carriers.

10. We conclude that Quality's request for waiver of 26 S.C. Code Ann. Regs. 103-610 should be granted as strict compliance with the regulation would cause undue hardship on Quality. We also grant exemption from the policies requiring the use of USOA. In addition, we grant waiver of 26 S.C. Code Ann. Regs. 103-631 which requires publication of a local telephone directory.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED THAT:

1. A Certificate of Public Convenience and Necessity should be granted to Quality to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission, as well as to provide local and access telecommunications services in the BellSouth, Verizon, Sprint, and Alltel territories. Service to the Alltel area is subject to the terms of the Stipulation between Quality and the South Carolina Telephone Coalition. Said Stipulation is approved. The Settlement Agreement is also approved, except for the term that limits the Company's service to BellSouth territory, a matter which was corrected by the parties on the record of this case. As stated above, the intent of the parties was for the Company to serve in BellSouth, Verizon, Sprint, and Alltel territories. This is approved as discussed above.

2. The Company's rate designs for its products shall comport to those designs described in Conclusions of Law above.

3. If it has not already done so by the date of issuance of this Order, Quality shall file its revised tariff and an accompanying price list for any applicable rates within thirty (30) days of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

4. Quality is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers and facilities-based interexchange carriers should be treated similarly.

5. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

6. Quality shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If Quality changes underlying carriers, it shall notify the Commission in writing.

7. With regard to the origination and termination of toll calls within the same LATA, Quality shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993), with the exception of the 10-XXX intraLATA dialing requirement, which has been rendered obsolete by the toll dialing parity rules established by the FCC pursuant to the Telecommunications Act of 1996 (See, 47 CFR 51.209). Specifically, Quality shall

comply with the imputation standard as adopted by Order No. 93-462 and more fully described in paragraph 4 of the Stipulation and Appendix B approved by Order No. 93-462.

8. Quality shall file annual financial information in the form of annual reports and gross receipts reports as required by the Commission. The annual report and the gross receipt report will necessitate the filing of intrastate information. Therefore, Quality shall keep financial records on an intrastate basis for South Carolina to comply with the annual report and gross receipts filings. The proper form for filing annual financial information can be found at the Commission's website at www.psc.sc.gov/reference/forms.asp. The title of this form is "Annual Report for Interexchange Companies." This form shall be utilized by the Company to file annual financial information with the Commission and ORS and shall be filed no later than **April 1st**.

Company gross receipts forms are due to be filed with the Commission and ORS no later than **August 31st** of each year. The proper form for filing gross receipts information can be found at the Commission's website at www.psc.sc.gov/reference/forms.asp, and the appropriate form is entitled "Gross Receipts for Utility Companies."

9. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission and ORS in

writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. Quality shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. The “Authorized Utility Representative Information” form can be found at the Commission’s website at www.psc.sc.gov/reference/forms.asp; this form shall be utilized for the provision of this information to the Commission and ORS. Further, the Company shall promptly notify the Commission and ORS in writing if the representatives are replaced.

10. The Company is directed to comply with all Rules and Regulations of the Commission, unless a regulation is specifically waived by the Commission.

11. At the hearing, Quality requested a waiver of 26 Code Ann. Regs. 103-610 (Supp. 2004), which requires that records required by the Commission’s Rules and Regulations be maintained in South Carolina. The record reveals that Quality’s principal headquarters will be located outside of South Carolina. Quality requests permission to maintain its books and records at its headquarters in its home office. The Commission finds Quality’s requested waiver reasonable and understands the difficulty presented to Quality should the waiver not be granted. The Commission therefore grants the requested waiver that Quality be allowed to maintain its books and records at its principal headquarters. However, Quality shall make available its books and records at all reasonable times upon request by the Office of Regulatory Staff, and Quality shall promptly notify the Commission and ORS if the location of its books and records changes.

12. Quality also requests that it be exempt from record keeping policies that require a carrier to maintain its financial records in conformance with the Uniform System of Accounts (USOA). The USOA was developed by the FCC as a means of regulating telecommunications companies subject to rate base regulation. As a competitive carrier, Quality maintains its book of accounts in accordance with Generally Accepted Accounting Principles (GAAP). GAAP is used extensively by interexchange carriers. Moreover, Quality asserts that because it utilizes GAAP, the Commission will have a reliable means by which to evaluate Quality's operations and assess its financial fitness. Accordingly, Quality hereby requests an exemption from the USOA requirements. We grant the Company's request for the reasons stated above. We also grant the Company's request to waive 26 S.C. Code Ann. Regs. 103-631, because of the unusual difficulty that the Company would have in complying with this regulation.

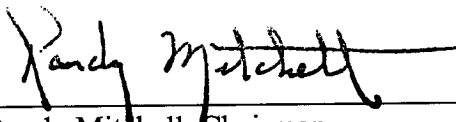

13. Each telecommunications company certified in South Carolina is required to file annually the Intrastate Universal Service Fund (USF) worksheet. This worksheet provides ORS information required to determine each telecommunications company's liability to the State USF fund. The Intrastate USF worksheet is due to be filed annually no later than **August 15th** with the Commission and ORS.

14. Quality is further required to comply with, in accordance with its Application and under Title 23, Chapter 47 of the South Carolina Code Annotated, which governs the establishment and implementation of a "Public Safety Communications Center," which is more commonly known as a "911 system" or "911 service." Services available through a 911 system include law enforcement, fire, and emergency medical

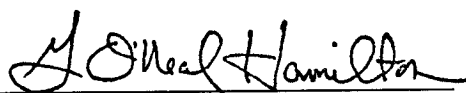

services. In recognition of the necessity of quality 911 services being provided to the citizens of South Carolina, the Commission hereby instructs Quality to contact the appropriate authorities regarding 911 service in the counties and cities where the company will be operating. Contact with the appropriate 911 service authorities is to be made before beginning local telephone service in South Carolina. Accompanying this Order is a memo from the State 911 Office of the Office of Research & Statistics of the South Carolina Budget and Control Board. This memo provides information about contacting County 911 Coordinators. By this Order and prior to providing local telephone services in South Carolina, Quality shall contact the 911 coordinator in each county (and city where the city has its own 911 system) and shall provide information regarding the Company's operations as required by the 911 system.

15. This Order shall remain in full force and effect until further notice by this Commission.

BY ORDER OF THE COMMISSION:

Randy Mitchell, Chairman

SC PUBLIC SERVICE
COMMISSION

STIPULATION

The South Carolina Telephone Coalition ("SCTC") (see attachment "A" for list of companies) and Quality Telephone, Incorporated ("Quality Telephone") hereby enter into the following stipulations. As a consequence of these stipulations and conditions, SCTC does not oppose Quality Telephone's Application. SCTC and Quality Telephone stipulate and agree as follows:

1. SCTC does not oppose the granting of a statewide Certificate of Public Convenience and Necessity to Quality Telephone, provided the South Carolina Public Service Commission ("Commission") makes the necessary findings to justify granting of such a certificate, and provided the conditions contained within this stipulation are met.

2. Quality Telephone stipulates and agrees that any Certificate which may be granted will authorize Quality Telephone to provide service only to customers located in non-rural local exchange company ("LEC") service areas of South Carolina, except as provided herein.

3. Quality Telephone stipulates that it is not asking the Commission to make a finding at this time regarding whether competition is in the public interest for rural areas.

4. Quality Telephone stipulates and agrees that it will not provide any local service, by its own facilities or otherwise, to any customer located in a rural incumbent LEC's service area, unless and until Quality Telephone provides such rural incumbent LEC and the Commission with written notice of its intent to do so at least thirty (30) days prior to the date of the intended service. During such notice period, the rural incumbent LEC will have the opportunity to petition the Commission to exercise all rights afforded it under Federal and State law. Also, Quality Telephone acknowledges that the Commission may suspend the intended date for service in rural LEC territory for ninety (90) days while the Commission conducts any proceeding incident to the Petition or upon the Commission's own Motion, provided that the Commission can further suspend the implementation date upon showing of good cause.

5. Quality Telephone stipulates and agrees that, if Quality Telephone gives notice that it intends to serve a customer located in a rural incumbent LEC's service area, and either (a) the Commission receives a Petition from the rural incumbent LEC to exercise its rights under Federal or State law within such 30-day period, or (b) the Commission institutes a proceeding of its own, then Quality Telephone will not provide service to any customer located within the service area in question without prior and further Commission approval.

6. Quality Telephone acknowledges that any right which it may have or acquire to serve a rural telephone company service area in South Carolina is subject to the conditions contained herein, and to any future policies, procedures, and guidelines relevant to such proposed service which the Commission may implement, so long as such policies, procedures, and guidelines do not conflict with Federal or State law.

7. The parties stipulate and agree that all rights under Federal and State law are reserved to the rural incumbent LECs and Quality Telephone, and this Stipulation in no way suspends or adversely affects such rights, including any exemptions, suspensions, or modifications to which they may be entitled.

8. Quality Telephone agrees to abide by all State and Federal laws and to participate, to the extent it may be required to do so by the Commission, in the support of universally available telephone service at affordable rates.

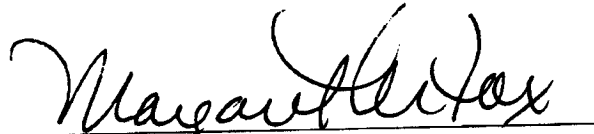

9. Quality Telephone hereby amends its application and its prefiled testimony in this docket to the extent necessary to conform with this Stipulation.

AGREED AND STIPULATED to this 21st day of October, 2005.

SETTLEMENT AGREEMENT

This Settlement Agreement ("Settlement Agreement") is made by and among the Office of Regulatory Staff ("ORS") and Quality Telephone, Inc., ("Quality" or "the Company") (collectively referred to as the "Parties" or sometimes individually as "Party");

WHEREAS, on August 4, 2005, Quality filed its application requesting a Certificate of Public Convenience and Necessity to provide resold local exchange services, access services, resold interexchange telecommunications services, and flexible regulation for its local exchange services pursuant to Order No. 98-165 in Docket No. 97-467-C ;

WHEREAS, on September 9, 2005, the Public Service Commission of South Carolina (the "Commission") issued a notice of hearing and set return dates for the

hearing in the above captioned matter scheduled to be heard before a Hearing Examiner on October 31, 2005;

WHEREAS, on October 4, 2005, Quality pre-filed testimony of Frank McGovern with the Commission;

WHEREAS, the South Carolina Telephone Coalition ("SCTC") filed a Petition to Intervene in this matter on October 6, 2005;

WHEREAS, the SCTC pre-filed testimony of L.B. Spearman on October 18, 2005;

WHEREAS, on October 21, 2005 the SCTC filed a stipulation between SCTC and Quality and requested to withdraw the pre-filed testimony of L.B. Spearman;

WHEREAS, the purpose of this proceeding is to review the application filed by Quality and its request for a Certificate of Public Convenience and Necessity;

WHEREAS, since the filing of the notice, ORS has conducted a review of the technical, managerial, and financial expertise of the Company to provide such services;

WHEREAS, ORS has reviewed the application and the financial data provided by the Company, and ORS has calculated certain performance ratios based upon information provided by the Company;

WHEREAS, ORS has investigated the services to be offered by Quality and its intended customer service plans;

WHEREAS, ORS has reviewed the proposed tariffs submitted by Quality;

WHEREAS, as a result of its investigations, ORS has determined a) Quality intends to offer residential telephone service with optional features and bundled services such as local and long distances services in the geographic areas served by BellSouth; b)

the officers of Quality possess sufficient technical and managerial abilities to adequately provide the services applied for; c) based upon the information provided and the analysis performed Quality appears to have the financial resources necessary to provide the services proposed in its application; d) certain revisions should be made to Quality's proposed tariffs in order to comply with Commission statutes and regulations; e) the services provided by Quality will meet the service standards required by the Commission; f) the provision of local services by the Company will not adversely impact the availability of affordable local exchange service; g) to the extent it is required to do so by the Commission, Quality will participate in the support of universally available telephone service at affordable rates; and h) the provision of local services by Quality will not adversely impact the public interest;

WHEREAS, to ensure compliance with the Commission's statutes and regulations, the Parties have agreed to the following comprehensive settlement of all issues in this docket.

WHEREFORE, in the spirit of compromise, the Parties hereby stipulate and agree to the following terms and conditions:

- 1) The Parties agree to stipulate into the record before the Commission this Settlement Agreement. The Parties also agree to stipulate to the pre-filed testimony of Quality Witness Frank McGovern who will be presented without cross-examination by ORS;
- 2) Quality agrees to submit into the record before the Commission revised tariffs in accordance with ORS recommendations;

3) With respect to the offering of exchange access services, the Company agrees that, prior to filing an exchange access tariff with the Commission, it will submit a copy of its proposed exchange access tariff to ORS for review. The Company further agrees to make all changes suggested by ORS in order that the exchange access tariff complies with the Rules of the Commission and applicable state law;

4) The Parties agree that the Company should be granted a Certificate of Public Convenience and Necessity to provide resold local exchange services, access services and resold interexchange telecommunications services within the state of South Carolina;

5) ORS does not oppose the Company's request for waiver of 26 S.C. Code Ann. Regs. 103-610 (location of books and records), 103-631 (publication of directories), and any Commission rules or policies requiring a carrier to maintain its financial records in conformance with the Uniform System of Accounts ("USOA"), and the Parties agree to the reasonableness of a waiver of 26 S.C. Code Ann. Regs. 612.2.3 (Operating Area Maps);

6) ORS does not oppose the Company's request that the Commission allow it to employ a flexible local exchange rate structure as described in its application and as first authorized by the Commission in Order No. 98-165 in Docket No. 97-467-C;

7) Quality agrees to resell the services of only those interexchange carriers or local exchange carriers authorized to do business in South Carolina by the Commission. Quality agrees to notify ORS and the Commission, in writing, if the Company changes underlying carriers;

8) Quality agrees that the Company will allow an end-user of resold services to access an alternative interexchange carrier or operator service provider if the end-user expresses such a desire;

9) The Company agrees to file necessary financial information with the Commission and ORS for universal service fund reporting, annual reporting and/or gross receipts reporting;

10) The Company agrees to comply with South Carolina Code Section § 58-9-300 entitled "Abandonment of Service." Additionally, the Company agrees to adhere to the Federal Communication Commission rules 47 C.F.R. §§ 64.1190 and 64.1130 regarding preferred carrier freezes and the requirement that the form of the written authorization for the institution of the freeze be a separate or easily separable document. Prior to abandonment of service, the Company shall remove any preferred carrier freeze so as to enable consumers to seamlessly transfer their telephone numbers to another provider;

11) The Company agrees to comply with Title 23, Chapter 47 of the South Carolina Code Annotated, which governs the establishment and implementation of a "Public Safety Communications Center" also known as "911 service." The Company agrees to contact the appropriate authorities regarding 911 service in the counties and cities where the Company will be operating prior to initiating local service in South Carolina and shall provide the 911 coordinator in each county and/or city with information regarding the Company's operations. Attached as Exhibit 1 to this Settlement Agreement is a memorandum from the State 911 Office which provides contact information for the County 911 Coordinators;

12) ORS is charged by law with the duty to represent the public interest of South Carolina pursuant to S.C. Code § 58-4-10(B) (added by Act 175). S.C. Code § 58-4-10(B)(1) through (3) read in part as follows:

... 'public interest' means a balancing of the following:
(1) concerns of the using and consuming public with respect to public utility services, regardless of the class of customer;
(2) economic development and job attraction and retention in South Carolina; and
(3) preservation of the financial integrity of the State's public utilities and continued investment in and maintenance of utility facilities so as to provide reliable and high quality utility services.

ORS believes the Settlement Agreement reached among the Parties serves the public interest as defined above;

13) The Parties agree to advocate that the Commission accept and approve this Settlement Agreement in its entirety as a fair, reasonable and full resolution of all issues in the above-captioned proceeding and to take no action inconsistent with its adoption by the Commission. The Parties further agree to cooperate in good faith with one another in recommending to the Commission that this Settlement Agreement be accepted and approved by the Commission. The Parties agree to use reasonable efforts to defend and support any Commission order issued approving this Settlement Agreement and the terms and conditions contained herein;

14) The Parties agree that signing this Settlement Agreement will not constrain, inhibit, impair or prejudice their arguments or positions held in other collateral proceedings, nor will it constitute a precedent or evidence of acceptable practice in future proceedings. If the Commission declines to approve the Settlement Agreement in its

entirety, then any Party desiring to do so may withdraw from the Settlement Agreement in its entirety without penalty or obligation;

15) This Settlement Agreement shall be interpreted according to South Carolina law;

16) The above terms and conditions fully represent the agreement of the Parties hereto. Therefore, each Party acknowledges its consent and agreement to this Settlement Agreement by affixing its signature or by authorizing counsel to affix his or her signature to this document where indicated below. Counsel's signature represents his or her representation that his or her client has authorized the execution of the agreement. Facsimile signatures and email signatures shall be as effective as original signatures to bind any party. This document may be signed in counterparts, with the original signature pages combined with the body of the document constituting an original and provable copy of this Settlement Agreement. The Parties agree that in the event any Party should fail to indicate its consent to this Settlement Agreement and the terms contained herein, then this Settlement Agreement shall be null and void and will not be binding on any Party.

To: Telephone Companies New to South Carolina

In an effort to continue providing quality emergency services to the citizens of South Carolina, the State 911 Office requests that before beginning telephone services in a county, you contact the 911 Coordinator in that county. This will allow both parties to obtain important information about providing 911 services in that county. If you have already begun services, then contact the coordinator as soon as possible.

A list of County 911 Coordinators can be found on the South Carolina E911 homepage at www.ors.state.sc.us/digital/E-911/ASP. If you have any questions related to 911 in South Carolina, you may contact E911 Coordinations at the Office of Research and Statistics at 803-734-3883. The person responsible for this can also be found on the 911 homepage. Please be aware that some cities may have their own E911 systems, these are also listed on the 911 homepage. These city coordinators will need to be contacted in addition to the county coordinators.
